

**Isothermal Community College  
Campus Life Taskforce Minutes  
May 3, 2006**

The Campus Life Taskforce met in Bld. 1 Room 210 on Wednesday May 3, 2006. Members present were: Cindy Martin, Terry McEntire, David Libera, Carol Lattimore, and Elizabeth Barrows.

Cindy gave a thank you for the success of the International Festival. Cindy and Elizabeth shared more positive comments from students; Elizabeth will send another e-mail sharing her student assessments. The International Festival may be a semi-annual event. Some problems to address in the future include: not being the day before a holiday, making it a three hour event instead of four, and having a student helper assigned to each presenter.

The following budget was agreed upon for next year: \$500 each for a Wellness Program, Safety Brochures, Fall Event, and Spring Event. We will brainstorm specifics in the fall. We also want the taskforce to help communicate on campus activities. We hope to add to the events of Sports Day and Grub Day, perhaps with competitions among the college's clubs.
