

The Campus Life Task Force met in the Student Conference Room of Building 10 at 1:30 p.m. on Wed. October 8. The following members were present: Audrey Sherrill (Chair), Kristi Sanborn (Vice Chair), Marnie Smathers, Karen Longerbeam, Pat Harris, Sandra Boyd, Jo James, Debra Jones, Scott Scheer and Lisa Bridges.

Audrey began the meeting at 1:37

We discussed:

1. Bob Bidwell's Safety Seminar on September 24 was a success: 81 students attended; 50 at 11am, 27 at noon and 4 at 5pm.
2. The fitness trail clean-up on September 24 was a success – many bulbs were planted and the trail looks great – CLT members, other faculty and staff and students from Ms. Palmer's and Ms. Sanborn's classes helped out. We decided to try to schedule one clean-up per semester.
3. The Top Health Newsletter will arrive this month. It was suggested that faculty and staff be encouraged to recycle their newsletters by sending them to Ms. Sanborn who will give them to her students, or simply to leave them out in public areas so students can have them.
4. Six people attended the Prostate Cancer screening on Thursday, Sept 11
5. The Crisis Intervention Subcommittee set a deadline of October 9th for email questionnaires they had sent to faculty regarding dealing with student issues. Donna Harrison knows of a workshop we would like to attend or attract to ICC to educate team leaders who would then lead workshops to train ICC employees in crisis intervention.
6. Scott Scheer sent out P.R. to ICC and the Courier regarding the Medicare speaker on November 3 from 6-9pm in the business sciences building, room 112.
7. Debra Jones announced the creation of a CLT announcements page on our website.
8. Kristi Sanborn suggested dealing with cracked tennis courts and the weight room. She will contact Mike Croussore to find out what steps to take to have these areas spruced up.
9. It was suggested that flag football be arranged for 3pm on a Tuesday or Thursday. Kristi Sanborn volunteered to organize this.
10. Lisa Bridges said requests had been made for flu and Hepatitis shots, and an additional skin cancer screening. Kristi gave a long and uninspired description of why Hepatitis shots would be problematic.
11. Scott Scheer announced mammography screenings for October 30th. Three or four people are already signed up.
12. We discussed the idea of a ping pong table. Finding a suitable location and a monitor were major problems to overcome.
13. Jo James announced the book club is alive and well and looking for topics. Please contact her if you are interested.
14. Jo James announced an ergonomics seminar for December 4th from 6-8pm in the student conference room. Participants are to bring two towels.
15. It was suggested that we ask Carol Richardson to do an aromatherapy presentation.
16. The next meeting will be November 12 at 1:30 pm. Location TBA
17. The meeting was enjoyable and short – lasting until 2:30!
