

Live Client Projects

Live client projects are defined as:

1. Educational programs in which students, as part of their educational experiences and as part of the instructional course requirements, repair or remodel non-college owned personal or real property; or
2. Educational programs that construct structures that are sold, produce goods that are sold, or provide services for a fee, such structures, goods or services being the normal and necessary product of learning activities of students.

The President is hereby delegated to develop procedures that are consistent with the State Board Code for live client projects.
