

Self-supporting Classes

The College recognizes that some courses requested by the community, or that serve a special need, are not supported by state revenues and membership hours produced from the classes are not counted towards full-time equivalent calculations. When these circumstances exist, it may be necessary to offer certain classes on a self-supporting basis. Therefore, the College shall develop guidelines for appropriate self-supporting classes that meet the standards of the State Board of Community Colleges and the College's mission.
